SPEAKER AT FORUM DINNER OF CHAMBER OF COMMERCE SHOWS GREAT VALUE IN TRADE MARKS

CAPITALIZATION OF PECULIARITY MAY BENEFIT CITY

CARL A. BUNDY CITES MANY EXAMPLES WHERE SLOGANS MAKE FOR SUCCESS

Introduced as "Gumption Quill," noted for his ink-spirations, Carl A. Bundy of Los Angeles, vice president of the California Christian Endeavor association, addressed the Glendale Chamber of Commerce Forum dinner last night on the subject of "Trade Marks."

Using the slogan, "Shorter the Spoke, Less the Tire." Mr. Bundy immediately interested his hundred hearers in the subject which he made more impressive by the use of mounted trade marks and names.

"I once heard Robert J. Burdette say that he would have loved to have been the hod carrier when Robert Ingersoll was a brick mason," said the speaker in commenting on the banquet. "From the elegant remarks I have just overheard one bachelor make regarding this meal, I think he would have been glad to come out and peel potatoes for the girls of the domestic science classes who have served us tonight."

Then launching into the subject of trade marks, Mr. Bundy said that they were anything which makes a distinction, in that they distinguish that thing from any like thing.

"A trade mark is not only adapted to trade and commerce, but to a people of a community," he declared and then proceeded to illustrate his point by displaying and telling of various names, slogans and insignias that have become worth millions of dollars.

Known As "Pickle Hill"

The first, of course, was 57, and Mr. Bundy stated that one hill on the road to the beach from Los Angeles has become known as "Pickle Hill" because of Heinz having "57" whitewashed on its green slope.

"And while the Heinz people have long passed that 57 in number of varieties manufactured, they have stabilized that number and therefore the pickle that has the label "57" on it has the backing of a long standing reputation," said Mr. Bundy.

His next illustration was "T. R." in the eye glasses, which he said represented "one of the most vital personalities that ever walked up and down this broad land."

In telling of "Ivory" being worth $8,000,000 to Proctor & Gamble as a soap trade mark, Mr. Bundy related the story that Mrs. Gamble was sitting in church one morning when her husband first began the manufacture of soap and as she glanced

(Continued on Page 4)

Punches Put Forth in Carl A. Bundy's Address at Dinner

Poignant thoughts in Carl A. Bundy's speech before the Chamber of Commerce Forum last night follow:

A city is but as one man thinking.

A person thinks only of the spirit that arises out of that city.

One thinks of it as a beautiful city—or otherwise.

You may establish a good or bad reputation by the policies you follow in municipal and civic affairs.

We may by our voice queer or establish ourselves in the confidence of the people and the voice of the people may do the same in behalf of a city for it goes forth as one person speaking.

If I were talking to salesmen, my advice would be never go unshaven when you are looking for business. The same holds true with a city inviting homeseekers. It should never permit the weeds to grow or the alleys to be cluttered with old cans. It never should go untidy.

We shall soon realize the wonderful pulling power of art. We will have our offices better decorated, our shops better lighted and the person who will look into his work from an artistic standpoint will have the least trouble with his employes. And that city which has art for one of its great principles will find it one of its best assets as an attraction to homeseekers.

Mrs. F. G. Hartman Is Hostess To Club

The Mothers' club of the Acacia avenue school held its weekly sewing circle Thursday afternoon at the home of Mrs. F. G. Hartman, 520 East Acacia avenue. The ladies of the circle were busy making aprons and other useful articles for the fancy work booth at the May festival to be held May 20.

Mrs. Hartman entertained the ladies in her garden under a beautiful pergola and served delicious strawberry shortcake and tea. Those present included Mesdames W. C. Alexander, Grant, O. W. Esselman, Clark, Schaivell, Collins, Critchlow, E. W. Evans, D. Edwards and the hostess.

The next meeting of the Mothers' club will be held May 5 at the home of Mrs. E. W. Evans.

COURT HEARS 55 CASES

City Recorder F. H. Lowe this morning heard a week's traffic cases comprising fifty-five cases. He collected more than $200 and one youth was denied the right to drive his motorcycle for thirty days, in addition to being fined $15 for going more than 40 miles an hour on Colorado boulevard.

MR. AND MRS. LOT ARE INTRODUCED BY REV. BROWN

EVANGELIST GOES BACK FOR 4000 YEARS AND BRINGS CHARACTERS TO DATE

TABERNACLE PROGRAM

Tonight at 7:30 o'clock—"Thy Brother's Keeper."

Tomorrow at 10 o'clock—"How to Pray."

Tomorrow night at 7:30 o'clock "King David's Rathers."

Evangelist John E. Brown took his large audience back some 4000 years last night and gave them a graphic account of the times and conditions surrounding the life of Lot and his family.

"Lot was the nephew of the Patriarch Abraham. Together they journeyed from Chaldu with their family and flocks toward the promised land of Canaan. They were both prosperous. Had an abundance of flocks and herds and servants, and their substance was so great that there was strife between the herdsmen of Abraham and Lot, so that Abraham suggested a separation in the interest of peace and continued friendship, and generously gave to Lot the choice of territory. And Lot lifted up his eyes and beheld all the plain of Jordan, that it was well watered everywhere, even as the Garden of the Lord.

"Then Lot chose him all the plains of Jordan and they separated themselves the one from the other. In Lot's territory were the wicked cities of Sodom and Gomorrah.

In introducing the subject, Evangelist Brown said:

"The Old Testament contains some of the greatest history of the human race, and as Victor Hugo has declared compares favorably with the best literature of the ages. This account of Lot with his weaknesses and frailties shows to us that humanity is about the same in every stage of the world's history. For Lot's character is much the same as men of this generation. And so I will consider Lot as an individual away back in the musty ages, but as one of us; as one amongst us.

First Mistake Recorded

"The first mistake that is recorded is that when they came to the borders of Canaan and pitched their tents and stayed there five long years. Such is the experience of many in the Christian life. They,

(Continued on Page 3)

Mrs. R. C. M'Cullough Hostess At Dinner

Mrs. T. W. Peart, a visitor to southern California from Regina, Canada, was guest of honor at a dinner party Wednesday night at the home of Mrs. R. C. McCullough, 421 North Kenwood street. The party was in the nature of a family reunion, Mrs. Peart being Mrs. McCullough's sister.

Those present beside the guest of honor were Mrs. Jane Peart and daughter, Jean, Mr. and Mrs. John G. Peart, and Misses Eunice and Dorothy Peart.

Albert E. Wheelon In Engineer's Department

Albert E. Wheelon, of 503 West Vine street, is now in the employ of the engineering department of the city of Glendale. He had been engaged as assistant engineer of the Schwendener Engineering company, but in order to be closer to his home he accepted the present position. Young Wheelon has been a student at Stanford university until January, and plans to return next fall.

Mrs. Ruth Adams Is Recent Visitor Here

Mrs. Ruth Adams, former Glendale resident who is now living in Riverside, returned to her home a few days ago after a week's visit with Mrs. Cecil A. Crandall, of 303 West Salem street. Glendale friends of Mrs. Adams will remember her as Miss Ruth Myers, she having been a high school chum of Mrs. Crandall.

S. N. Brown Purchases Lot; Plans To Build

The lot on the corner of Lomita and Glendale avenues, and extending back to Elk avenue, was recently sold to S. N. Brown, who intends to build on the property in the near future. The lot formerly belonged to C. F. Parker, of South Central avenue.

ADVISES TRUSTEES ON WATER, LIGHTS OUTSIDE CITY

ATTORNEY HARTLEY SHAW, IN OPINION, EXPLAINS WHEN SERVICE NECESSARY

Formal action taken by the board of city trustees on February 24 relative to a policy on extension of water and electric systems outside of the city does not, Hartley Shaw, city attorney, informed the board last night, require the municipality to refrain from supplying service to outside territory when it is demanded under certain legal requirements.

The legal obligations of the city were explained by the city attorney in his written opinion filed with the trustees last night. His communication follows:

"You have requested me for an opinion as to the scope and effect of the resolution passed by you on February 24, 1921, relating to the service of water and electricity to consumers outside of the city limits. The substantial part of that resolution is as follows:

" 'That hereafter no extensions of the water or electric systems of the city of Glendale shall be made in territory outside of the city limits of Glendale or for the purpose of supplying consumers situated outside of the city limits and that hereafter no consumers situated outside of the city of Glendale shall be supplied by said city with water or electricity except in cases where said city has already assumed a legal obligation therefor.'

Supreme Court Decisions

"The exception in this resolution was inserted because the board did not desire to repudiate any of its legal obligations, and your desire now is to know just how far your legal obligations go. The Supreme court has considered this matter in two cases, entitled: Fellows vs. City of Los Angeles, 151 Cal. 52-58, and South Pasadena vs. Pasadena Land etc., Company, 152 Cal. 579-588. By these and other cases upon the subject the rule has been established that where a city purchases a water plant it takes that plant with all burdens as to territory and consumers entitled to be supplied therefrom that have been imposed upon it by the former owner of the system. These cases also establish the rule that where water has been appropriated or dedicated to the use of the public in a certain particular territory then all persons within

(Continued on Page 10)

Miss Bernie Morehouse Is Hostess To Circle

The regular bi-monthly gathering of the Dorcas Sewing Circle of the First Church of the Nazarenes, Los Angeles, took place yesterday in an all-day meeting at the home of Miss Bernie Morehouse, of 1000 East Lomita avenue, this city. The ladies of this circle meet every fortnight during the entire year and sew garments, which they send each Christmas to foreign missionaries for distribution in their jurisdiction."

Miss Morehouse's guests arrived at about 10 o'clock and after sewing two hours they gathered around a long table, where a delicious luncheon was served by the hostess and her sister, Mrs. Glen A. Widmark.

Those who enjoyed Miss Morehouse's hospitality were Mmes. Paul Bresee, Charles Archer, J. C. Enner, William Evans, F. Groover, J. S. Heke, J. E. Moore, Joseph A. James, Jr., and Frank Mellert; Misses Sue Bresee and Sylvia Groover.

Another Builder From San Diego Comes Here

Frank Wilson Van, a designer and builder who has for years been engaged in such work at San Diego, has actively entered the game in Glendale, having taken out his first permit for a residence which will be Thomas C. Hughey's home. It will be a one-story modern bungalow located at 409 West Lomita avenue and will cost $4750.

Mr. Van, who lives at 516 East Maple street, makes a specialty of plans and estimates. He now is negotiating with two parties for the construction of apartment houses here and has plans for several houses under way. Mr. Van was attracted here by Nathan Rigdon, also from San Diego, who has built about thirty houses since coming to Glendale last September.

ROBBED OF $200,000 IN JEWELS

CHICAGO, April 22.—Leroy Present, jewelry salesman, was robbed of a wallet containing $200,000 worth of diamonds today in a downtown office building.

Today's World News In Brief

(By United Press to Glendale Evening News)

MANAGER OF FISH COMPANY KILLED IN AUTO ACCIDENT

SAN PEDRO, April 22.—Losing control of his touring car when several workmen frantically waved lanterns to warn him of danger, Alfonso Molina, secretary of the Southern California Fish company and member of a wealthy San Diego family, was instantly killed today when the automobile crashed into a house being moved in Sixth street here. Molina, who was twenty-six, had been at a cafe party with several friends.

PLANS FOR PROPOSED REVOLUTION IN MEXICO SEIZED

SAN ANTONIO, April 22.—Printed copies of a proposed revolt set for May 5 in Mexico, known as the "plan of national reconstruction," and sponsored by 203 prominent Mexicans formerly prominent in the Carranza administration, have been seized by government agents, it was learned here today. The Carranzistas signed their names as leaders of the revolt. According to the copies seized Pablo Gonzales, formerly a candidate for president of Mexico, is to be given the job of leading the revolt. The literature, which is being distributed among Mexicans in this country, provided for the complete overthrow of the Obregon government.

BUILDING CRAFTS IN CHICAGO MAY BE LOCKED OUT

CHICAGO, April 22.—A lockout of the building crafts confronted Chicago today. Builders served an ultimatum on the unions that unless the 20 per cent cut for skilled labor and a 30 per cent reduction for unskilled labor was accepted by the trades a lockout will occur on May 1. Union boards of arbitration will meet today to discuss the situation. In all probability the trades will offer a compromise. It was said that more than $100,000,000 worth of projected building was being held up until construction costs drop. The lockout would bring to a complete stop the little work that has been going on.

NEW YORK STOCK MARKET IS 'SPOTTY' AT OPENING

NEW YORK, April 22.—The stock market was spotty at the opening here today. While there was great activity in some issues, there was a noticeable tendency to await developments in others. Studebaker was one of the most active stocks, shorts running it up despite taking of profits by longs. Studebaker opened from 86 to 86¾, up ½ to 1¼. Chandler went above 82. Famous Players was another active stock, opening ¼ up at 75⅛ and advancing to 76¾. Sinclair oil made a new high on the present move at 25⅞. Rails were inactive. United States Steel was unchanged at 81¼; Crucible wsa off 1¼ at 75½. Studebaker run up to 89¼, representing an advance of 10½ points from the low of Thursday. The stock's advance has been a sensation, representing a gain of over 100 per cent from the year's low, 43 5-8.

U. S. MAY HAVE DECIDING VOTE IN FIXING PENALTIES

WASHINGTON, April 22.—The United States will have a deciding voice in determining to what extent Germany shall pay for the war. This was the conclusion in Washington today following publication of the German note appealing for President Harding to mediate reparations question and Secretary Hughes' reply rejecting appeal, but urging immediate reopening of negotiations between the allies and Germany for a settlement of the problem. The allies and Germany, it is thought, will be forced to accept the views and principles of the United States in the settlement. As the next important step by the United States in the reparations situation, it is believed that Hughes will instruct either Ambassador Wallace at Paris or Roland W. Boyden, unofficial American representative on the reparations commission, to take part in the coming deliberations of the allied supreme council on Germany's failure to meet the reparations demand.

SCORES OF PEOPLE FLEE BEFORE ESCAPING POISON GAS

BOUND BROOK, N. J., April 22.—Poison gas manufactured to kill Germans seeped over the southwestern section of Bound Brook today. The wild flight of scores of people, roused from their sleep between 3 and 4 a. m. by the wailing of the fire siren, saved them from death. The deadly phosgene gas escaped from a large tank filled with the poison at the Hemingway Chemical company plant, when a plug came out of the big container from which a smaller tank was being filled. Three workmen, one of them wearing a gas mask, immediately collapsed and the fumes began spreading over the city. After the gas had been leaking for an hour, the flow was stopped by volunteers wearing gas masks and about dawn the refugees began trooping back to their homes, the fumes having been dissipated. A search was on today for possible victims who might have been overlooked in the general flight, and have fallen unconscious in out of the way places. It was believed only a few persons were actually overcome. Three men were rendered unconscious at the Hemingway plant. Joseph Bruzzo was the first man to become aware of the menace. He was sleeping in his home half a mile from the chemical works.

GERMANS TAKE U. S. NOTE AS COMMAND TO SUBMIT

BERLIN, April 22.—The Berlin foreign office buzzed with activity today as high officials considered the next step in their reparations campaign. The American reply to Germany's reparation note was regarded as practically an American command to submit indemnity proposals which France and Great Britain can consider. The Fehrenbach cabinet was disposed to take another chance with the allies. While Secretary Hughes stated that the United States cannot act as reparations umpire, the note was interpreted as friendly. It was believed also to hold a promise of possible future mediation if the allies would agree to it. A conciliatory move by Germany was seen today in a note to the allied reparations council to begin immediately the reconstruction of devastated France. The note, not yet delivered, made the offer as "an evidence of good will." On the highest authority it can be stated German officials are certain no government will be created here to agree to the present demand of the allies. The identity of the "United States senator" who suggested America would be open to an appeal to mediate, was not known. Speculation among German officials brought in the name of Senator McCormick, who visited Europe last winter.

AMATEURS PRESENT THREE PLAYS AS CLUB BENEFIT

CHARACTERS ARE SUSTAINED PERFECTLY; HIGH PRAISE EXTENDED TO ALL

A wonderful success was the evening of three one-act plays which were given by the drama section of the Tuesday Afternoon club at the Palace Grand theatre last night. It certainly was difficult to persuade many in the audience that the plays were being presented by amateurs and not professional players.

The parts were all played to perfection and much to the satisfaction of the splendid crowd which had gathered together to enjoy the evening's entertainment. Each and every character of the three plays deserves much credit and praise.

Beautifully Gowned

Mrs. Temple, who played the part of Mrs. Pringle in "Fourteen," was beautifully gowned in peach blown georgette with real lace and sequin trimmings. and a huge bow of moss green tulle. She wore a corsage bouquet of rosebuds and orchids.

Mrs. Sherman, who played Elaine, the debutante, wore a charming creation of pale orchid and cloth of gold. with gold slippers. Mr. Wilcox, as Dunham the butler, was stately and dignified. The entire act was perfect in its appointments.

"Neighbors," with its quaint setting and appealing story was full of high interest and was so splendidly characterized by those taking part that it would be impossible to think of any one character as excelling the others.

Characters Well Sustained

Mrs. Hunt, as grandma, was so sweet and pathetic in contrast to the busy and energetic Dianthe (Mrs. Feinstein.) Inez (Mrs. J. Roger Bentley) was so dainty and appealing. Robert White, Jr., was very amusing in his bashful love scene. Mis' Trot, played by Mrs. W. N. Stamps, was so disturbed over her "buffalo bug," much to the amusement of the audience, who nevertheless could spend time to help out the pathetic little Carrie Ellsworth, played by Mrs. Harry Clinton Wilcox. Mis 'Moran (Mrs. F. W. Nash) with her lame back and leg, although incapacitated, could also arise to the occasion, doing so to such an extent that she succeeded in arousing the sympathy of the crowded and overworked Ezra Williams, so capably played by Harry Clinton Wilcox.

Comedy Big Success

The program was brought to a close in a snappy manner by "Hello, Central," a screaming comedy which kept the audience in an uproar of laughter by its rather startling complications over the telephone, which followed one another with confusing rapidity. The operator, so cleverly portrayed by Mrs. Max Green in her

(Continued on Page 3)

OMIGOSH! JINKS! SURE SOME DAY

G. U. H. S. STUDENTS APPEAR IN EVERY UNKNOWN REGALIA, STUDY JAZZ

For the residents of Glendale there is little use of trying to describe Jinks day at Glendale Union High school.

Simply to say it is, is putting the idea over mildly.

Of all the outlandish costumes no one would think about, the students are there when it comes to putting 'em on.

From Spanish to the Puritan, from the grotesque to the sublime, from the Broadway shows to the hula weeds, from the days of Romans to the present hours of Mack Sennett—everything is represented.

The devil is among those present. The girl of '49 with her .45 is there also. And while they are there, they're everywhere about town this afternoon.

At the school this morning such studies as "jazz music," "riotous literature" and "history of fifty years' hence" had a part in the program of joy. This afternoon the whole school is enjoying a carnival staged by the Seniors in the boys' gymnasium. There are a score of concessions where all-day suckers, green lemonade and pink ice-cream is being purchased. Teachers entered heartily into the fun.

All of which is mixing well with the grease paint and false mustaches and other accessories to the Jinkstigators. Three sideshows are being packed each minute with a writhing mass of peculiarly dressed humanity that tomorrow will be recovering from the effects of a wild, wild day.

GUESTS AT C. OF C. FORUM DINNER CHARMED WITH MUSICAL PROGRAM

Solo and Trio Numbers Well Presented and High Praise Given to Committee in Charge

Hitting a happy combination in a program for a Chamber of Commerce Forum dinner, about one hundred members and their wives last night were more than delighted by the address by Carl A. Bundy, the music arranged by Mrs. Catherine H. Shank and the meal which was served in the Glendale Union high school cafeteria.

Too high praise cannot be given the solo and trio numbers given by Mrs. Shank, Mrs. Robert M. Yost and Mrs. Alice Crawford. A. R. Eastman presided and invited Secretary James M. Rhoades to report on the 10 o'clock membership club, composed of Edwin F. Kulp, William R. Phelon, Mrs. M. L. Tight, Ella W. Richardson and Mrs. M. I. Biggs.

Compliments Committee

"For the first time in my twelve years of Chamber of Commerce experience," said Mr. Rhoades, "has such a committee accomplished its purpose within a weeks' time. It was just a week ago when these volunteers met and decided to get five paid up members each. They got them, and at the next Forum noonday luncheon I shall have to ask for five more volunteers as the present committeemen have earned their discharge."

A rousing round of applause was given the five for their good work which carried on will mean the successful continuation of Glendale's Chamber of Commerce.

Program Is Pleasing

Mrs. Shank then sang "Rain," a delightful little composition which admirably suited her soprano voice. As an encore, she pleased her hearers with "Little Pickanniny Kid," a negro lullaby which carried the audience lilting along to the trio number, "The Pool" (from "Three Springs," by Bliss) which offered Mrs. Crawford a solo part.

The "Wind Song," by Rogers and "Will o'the Wisp" by Spross were sung by Mrs. Yost in a pleasing contralto that was well received. Mrs. Crawford closed the musical program with two numbers especially adapted to her lyric soprano, the first one, "Robin, Sing Me a Song," by Spross, being a most cheerful melody. She also sang a short medley by Fairchild.

Expresses Enjoyment

Miss Elena Warriner accompanied the singers in a graceful and artistic manner, and Chairman Eastman expressed the enjoyment of the audience when he stated that were it not for other meetings, the diners would be glad for the concert to continue the balance of the evening. He also complimented Mr. Rhoades on his rare judgment in obtaining such entertainment.

HAVE YOU HEARD OF THE SHALLOW OIL FIELDS AT CONEJO NEAR CAMARILLO VENTURA COUNTY?

Over 40 wells producing commercial oil at a depth of from 62 to 200 feet.

Shallow wells are easily drilled at a small cost anywhere—from $700 to $1200 each.

The average production from these wells is around 30 barrels a day.

You would like to make money in the oil business.

Here is your opportunity to secure an interest in a 36-acre oil lease at Conejo, the oil it produces and the profits obtained from production.

Your money is deposited in the bank and cannot be used until a commercial well has been drilled and is producing ten barrels or over per day.

You are therefore guaranteed a commercial well or your money refunded in 60 days without interest.

Let me furnish you the facts today for these interests are being taken up rapidly.

No obligation on your part. Let us hear from you by mail or phone.

James W. Pearson
128 North Brand Glendale 346

IT'S A BEAR!!

We have not added a wild animal department, but just speaking in the vernacular. Refer to that half acre on Sixth street with new 5 room home, right "slam bang" up against $5000 per acre vacant stuff on Kenneth Road, which must be sold instantly and goes for $3750, practically $1000 under value. What a view! What soil!! And what a chance to make a real home or some real coin of the realm. If a little "short" the place will stand a good loan. Owner must have the cash. Come on—"Slip her in high" and grab it.

See Charles B. Guthrie. Call 601 North Brand. Phone 216. 103½ South Brand. Phone 1640, or Guthrie Center. Phone 411 (Los Feliz and Brand).

P. S.—You can pull off the "charmingest" little house party—little jazz stuff or run a marathon in the living room—size 16x33. "Nuff sed."

PACIFIC READY CUT HOUSES SAVES 20 PER CENT

Mrs. E. E. Williams of San Diego is spending the week-end with Mr. and Mrs. Walter Jones of 310 Hawthorne street.

Mr. and Mrs. F. H. Vesper of 321 East Lomita avenue attended the Knights Templar grand ball at Long Beach last night.

Wm. Barlow of Des Moines, Iowa, is visiting his sister and niece, Mrs. L. J. Barlow and Miss Jean Barlow of 145 North Louise street.

The first baby to arrive at the Glendale Research Hospital and Sanitarium was born to Mr. and Mrs. W. T. Booth of Roscoe last Wednesday.

Someone stole the steering wheel off of C. E. McPeek's Ford car which was parked in front of the Elks' club last night, according to a report to the police today.

Mr. and Mrs. C. G. Yarbrough and family, 216 South Louise, motored to Riverside recently, where the day was spent at the Mission Inn and other points of interest.

B. F. P. Smith of Santa Cruz, who has been attending the Knights Templar convention at Long Beach, is the guest of his cousin, Mrs. Mary Brooks, of 403 North Louise street.

Mrs. Florence Wintersgill of 411 North Louise street has returned from a five weeks' tour in the east. She visited in Boston, New York City, Iowa and many other eastern points.

Mrs. C. L. Catlin, of 1010 East Lomita avenue, was the recent dinner hostess to Mr. and Mrs. Robert McVey, of Hollywood, and Miss Bess McVey and William Melone, of Los Angeles.

Mrs. T. W. Preston of 330 North Jackson street, assisted by Mrs. Ida Noble and Mrs. Bertha Dodds, are entertaining Chapters BA and CJ, P. E. O., at the home of the former today.

Frank Herald of 118 West Windsor Road and Russell Pace of East Wabasso Way, Verdugo Woodlands, both reported to the police that their wheels were stolen from the Intermediate school grounds yesterday.

Mrs. P. H. Calahan of 366 West Elk avenue had as dinner guests yesterday Mrs. Harold Duvall and Mrs. Orville Adams of Sierra Park, Mrs. Ed Peckham of Rose Hill and Mrs. Benjamin Waldron of 346 West Harvard street.

Ed Seay, former local high school student and now president of the Alumni Association of the High school, was in Glendale yesterday making preparations for alumni day, which will take place at the school on June 3.

Lloyd Weller, of Los Angeles, was the dinner guest Wednesday night of Mr. and Mrs. Charles Grist at their home at 503 West Vine street. Weller is an "old army pal" of the Grist's son, George, and of their son-in-law, Albert Wheelon.

Miss Helen Esterly of 438 Oak street, who is a member of the California Girls' Quartet, is taking part in the sketch from "A Midsummer Night's Dream," which is being presented this week at a popular Los Angeles motion picture house.

Mrs. Mary E. Beauchamp of 1210 South Glendale avenue is making preparations for a trip to her former home in Alva, Oklahoma, where she will go to look after property interests. She intends returning to Glendale and making her home here.

Mrs. C. H. Pendleton of 360 Myrtle street entertained yesterday afternoon with a bridge party. The guests were Mrs. A. A. McIntyre, Mrs. Bondeaux, Mrs. A. H. Montgomery, Mrs. E. L. Young, Mrs. Reed Heustis, Mrs. G. B. Pratt, Mrs. E. Arnold and Mrs. Harry Lynch.

Dr. and Mrs. Colin Cable of 505 South Columbus avenue have entertained as luncheon guests recently Mrs. Helen Bennett and Miss Gertrude Bennett of Kingsley Drive, Los Angeles, and Mrs. J. H. Emerson of West 41st Place, Los Angeles. In the afternoon an automobile ride was enjoyed.

The Occidental District of the Board of Foreign Missions of the Presbyterian church, is holding a three days' session in the First Presbyterian church of Pasadena. Mrs. Goldsborough, Mrs. Server, Mrs. Van Etten, Mrs. Wilcox, Miss Spencer, Mrs. Black, Helena Richardson and Esther Black are among those attending.

St. Mark's Guild held an all-day meeting in the guild hall of the Episcopal church yesterday. A picnic lunch was enjoyed at noon. Mrs. B. O. Holbook, president, called the business meeting to order. The ladies spent the afternoon in needlework, in preparation for the bazaar which they are planning to give. The meeting was attended by thirty of the ladies of the church.

MR. AND MRS. LOT ARE INTRODUCED BY REV. BROWN

EVANGELIST GOES BACK FOR 4000 YEARS AND BRINGS CHARACTERS TO DATE

(Continued from Page One)

too, start for a land of promise. They pull down their idols and destroy them. They leave old associates and forsake their sins, and they settle down. Unwilling to pay the whole price and go on. Fearful to go back, and there they stay. And, finally content themselves to be just ordinary church members. There is an ocean of difference between being a professor and a possessor.

"If you are such a Christian and have not made a clean cut surrender. I have nothing for you but pity and tears. You have none of the joys of the Christian life and because of your profession cannot indulge in the pleasures of the world. My advice to such is to either get in or get out. Be not content to just be on the borders. Be an out and out. The happiest life is the Christian life when it is lived. It will bring the shine on your face, the glow in your heart and the go into your life.

"The substance of Abraham and Lot was the cause of contention. Do you not know that ofttime that trouble arrives on the same train that money comes in on. And then was when Lot made another mistake. When he turned his eyes and feet in the direction of Sodom and Gomorrah. No doubt but Abraham had warned him against the dangers of these wicked places. But Lot's answer was, 'Don't worry; I have no intention of living there.'

Mrs. Lot Was Ambitious

"But here was where Mrs. Lot got busy. And I am not unduly blaming her. She was ambitious for her children. Had no doubt been reading the Ladies' Home Journal and the Sodom Evening World, and she persuaded Lot that the children could get a much better education in the city than out in the country. So they moved into Sodom and became part of Sodom.

"Now, let me warn you of the dangers confronting you. If you let down the bars and lower your standards and forsake your high principles you are headed for Sodom. And you fathers and mothers, I know the appeal that comes to you from the children. Why everybody is doing these things and we will be called fools and cranks if we do different. Let me tell you you will never get your loved ones out of hell by jumping into hell with them.

"It pays to stand out for God foursquare. We have neglected a duty of our fathers and that is an oversight of the indifferent—the careless. To urge upon them their best interests. No doubt if such a brother should have gone to Lot, the Lot of 4000 years ago or to the Lot of Glendale he would have answered in this manner, 'I do not see things just as I used to; I have no word against Uncle Abraham, but I have broadened out. I can see good in all things.'

"And do you know we have that error in our midst today; a broadness that would embrace everything. And some call it an unusual church; a federation that takes in those that deny the Divinity of Christ, the merits of his death. There is one fellow who is not going into this crowd. And that is John Brown. Christ himself gave repeated warning about the broad way that leadeth to destruction. We need a Christianity that will take us to the weekly prayer meeting, the family altar, the Sunday evening service, the spiritual side of the missionary work. All these things were not popular in Sodom.

Thinks Lot Was Methodist

"I have an idea that Lot must have been a Methodist for he was a backslider; Methodists teach it, Baptists and Presbyterians practice it. On the plains Lot walked and talked with God, but not in Sodom. He was too busy in public affairs. He was a judge in Sodom and sat by the gate to administer affairs. He believed he could influence the Sodomites by descending to this level. He could elevate them. But instead they dragged him down to their level.

"Just so today, some advocate the same plan. But the results are identical as with Lot. We cannot elevate society by card playing, dancing, etc."

Evangelist Brown closed with a strong plea for revivals. He urged: "The good old-fashioned kind that changes men's lives. That fires them with a passion to help others. That sends young men and women into the mission fields. Into active Christian work at both home and abroad. I was converted in such a revival, and felt that God had a work for me. In His hands and by His grace I have seen from 130,000 to 135,000 men and women take a stand for Christ. Scores of them have gone into active Christian work in mission fields, in pulpits, etc.

"In conclusion let me urge you to put first things first. You can afford to be deceived in everything but this."

(Continued From Page One)

chewing gum, nonchalant manner, had her mind on anything but the switchboard. The soubrette, with her five-ounce costume and trials in endeavoring to tell the vaudeville managers how wonderful she was, was perfectly characterized by Mrs. W. L. Andrews. Tillie, Mrs. Roy Kent, was a picture in dainty negligee and cap. She and Max, her sweetheart, so well done by Max Green, had many trying times before finally making arrangements for their elopement. Rufus, "who done lost his razor coming down from Jazzville," played by Ray Galvin, was screamingly funny. Abe, the Jewish lawyer, was wonderfully done by Fred Abbey in splendid Jewish dialect and caused much laughter in every line he spoke. His lover-like conversation with Mrs. Steiner, whose husband left her $200,000 in real estate, so capably played by Mrs. E. A. Body, was most amusing.

Mrs. Chase Deserves Credit

Much credit is due to Mrs. R. E. Chase, curator of the drama section, whose untiring efforts in coaching the players certainly bore fruit in the wonderful presentation of the plays as interpreted last evening.

To Ray Galvin is due the credit of arranging the handsome stage settings. Furniture for the beautiful dining room setting and also for other settings were loaned by Mr. Olin of Universal City. The artistic arrangement of the dining tables was the work of L. G. Sherman.

The doors of Bryn Mawr college will be thrown open this summer to admit seventy poor girls and women industrial workers desirous of the "higher education." Everything provided for the comfort and convenience of the regular winter term students will be at the disposal of the scholar workers.

Block Of Residences Is Under Construction

L. Newton Smith is building up one entire block of residence property on North Brand boulevard, according to the $16,500 in five permits which his contractors, Baldwin & Son, were issued in the last 24 hours at the building inspector's office in the city hall.

The total for the month of April, to date, with eight more days to go, is $276,968 and the permits for the year amount to $1,091,891. By tonight they will have passed the eleven hundred thousand mark.

Following are the permits taken out in the last twenty-four hours:

L. Newton Smith, eight rooms, 730-732 North Brand	$4,500
L. Newton Smith, eight-rooms, 726-728 North Brand	4,000
L. Newton Smith, eight-rooms, 734-736 North Brand	4,000
W. L. Collins, 5 rooms and garage, 1500 Opeechee Way	3,500
Joseph M. Swaner, 6 rooms, 452 West Milford	3,000
Nellie C. Squires, 4 rooms and garage, 515 West Myrtle	2,275
Mrs. Ed Balcome, three rooms, 211 West Magnolia	2,000
L. Newton Smith, 4 rooms, 724 North Brand	2,000
L. Newton Smith, 4 rooms, 738 North Brand	2,000
C. R. Stevens, 4 rooms, 1039 Justin	900
J. C. Charbonneau, garage, 1329 East Colorado	200

A number of the friends of Mrs. Jesse Chappius of 606 East Acacia avenue decided to assist her in celebrating her birthday anniversary Tuesday by giving her a surprise party. Luncheon was enjoyed at noon. The afternoon was devoted to cards, whist being played, at which Mrs. John Houle won the first prize, a hand-painted plate. Those present were Mrs. Peter L. Ferry, Mrs. Catherine O'Brien, Mrs. Carrie Schmitt, Mrs. A. Straffer, Mrs. Myers, Mrs. Daugherty, Mrs. Hamilton, Mrs. John Houle, Mrs. Martha Gibson, Mrs. John Lundregan, Mrs. Charles Rudel and the guest of honor of the day, Mrs. Chappius, who was presented with a half dozen beautiful, hand-painted plates by her friends.

And goes and whispers down a well,
Is not so apt to collar the dollars
As the man who goes up the tree and hollers.

Moral: Advertise in the Glendale Evening News.

Tea Musicale Proves Very Enjoyable Affair

A decidedly new and extremely novel affair was given Thursday afternoon in the form of a "Tea-Musicale." The most and hostess of the afternoon were John T. Jenkins and Miss Gertrude Van Vleck.

The new show room of the artistic Brunswick Shoppe at 126 South Brand boulevard was used for the occasion. The guests were treated to a pre-hearing of the May Brunswick records which will be placed on sale the 26th of this month. A resume of the artists rendering each selection was given and added greatly to the interest of the record. Such renowned artists as Leopold Godowsky, Max Rosen, Archer Chamlee, Virginia Rhea, Richard Bonelli and others were featured on the program, as well as several high class dance orchestra selections. Tea was served during the program.

The success of the afternoon has prompted the Brunswick Shoppe to plan to continue these advance hearings each month, to which the music loving people of Glendale are invited to attend.

GUY BENNETT IS HERE

Guy Bennett of 1562 St. Andrew Place, Hollywood, was a visitor at Glendale Union high school today. He graduated from that institution a year ago.

CARE OF PATIENTS IN PRIVATE HOME IS PERMITTED

MRS. ADA ATKINSON GRANTED PERMIT BY TRUSTEES IN SESSION LAST NIGHT

Mrs. Ada Atkinson was last night at the meeting of the Board of City Trustees granted permission to care for "old people" and "nervous patients" at her residence, 455 West Wilson, on recommendation of T. W. Watson, city manager.

Trustee Lapham, who resides near Mrs. Atkinson, stated that he had investigated and found no opposition to the project. The city manager's communication follows:

"In regard to the application of Mrs. Ada Atkinson for a permit to care for two or three patients at her residence at 455 West Wilson avenue referred to us the 14th instant.

"We have interviewed Mrs. Atkinson in regard to this and she states that she only intends keeping old people and nervous patients. She will not keep any patients affected with communicable diseases or mental cases. We have interviewed two neighbors on either side of Mrs. Atkinson's place and they do not seem to object to her keeping patients as above set forth.

"If your board sees fit to act favorably on Mrs. Atkinson's application it might be well to have it understood that should she attempt to enlarge her operations there to such extent that the same would be objectionable to residents and property holders in that neighborhood that the permit would be revoked."

Mrs. E. J. Lyons Gives Luncheon For Visitor

Mrs. E. J. Lyons entertained with a luncheon yesterday at the home of her mother, Mrs. M. C. Patterson, 363 Riverdale drive, in honor of Mrs. Creach of Kentucky, who is a sister of Mrs. P. O. Lucas and has been wintering in southern California.

The dining table was centered with a beautiful bouquet of pink rose buds. During the afternoon Mrs. Robert Yost delighted the guests with several vocal solos. Those present included Mrs. H. H. Creach, Mrs. A. S. Chase, Mrs. S. C. Packer, Mrs. P. O. Lucas, Mrs. W. H. Farlander, Mrs. J. J. Frazer, Mrs. Robert Yost, Mrs. M. Russell, Miss Barbara Farlander and Master Bobbie Lyons.

Natural Gas Matter Passed Up To City

Natural gas for Glendale, a question which was referred to the railroads, highways and public utilities committee of the Glendale Chamber of Commerce by the board of directors has been reported out of committee as a matter for the municipality to investigate. Their report will be forwarded to the city manager for action by the city attorney.

La Crescenta Notes

Mr. and Mrs. Seymour Thomas were guests of Mr. and Mrs. John McGroarty at a delightful luncheon given Wednesday at their artistic home in the Verdugo hills. Other guests present were Mr. and Mrs. Frederick Ward and son, Mr. and Mrs. Benton. Mr. Benton is the architect who is to design the new last mission to be built in Tejunga. Later in the afternoon this entire party motored to the home of Mr. and Mrs. Thomas, which they have named "Cuddle Doon," where they had tea.

Mr. and Mrs. H. S. Bissell entertained informally at tea last Sunday. Among the guests were Mr. and Mrs. A. C. Cobb, the Misses Cobb of Los Angeles, Dr. and Mrs. Richard Dewey and Miss Eleanor Dewey of La Canada.

Miss Ruth Huber of Arizona was the house guest of the Misses Conlin over Sunday.

Mr. and Mrs. H. Carpenter of Mayfield avenue have as their guests their son, Fost Carpenter and family.

H. Fowler of Los Angeles avenue has postponed his departure for Chicago until June 1.

Mr. and Mrs. H. Tritt of Montrose spent the week-end at Redondo Beach with Mrs. Tritt's parents.

Mr. and Mrs. Lieburn of Manhattan Beach and Mr. Koslowsky of St. Louis are the guests of Mr. and Mrs. F. Czerniski.

Mr. and Mrs. Arthur Peck of Chicago are visiting Glen C. Peck of Michigan avenue. Mr. and Mrs. Peck are very enthusiastic over this part of the valley and greatly enjoyed the Flintridge club.

The county road gang is breaking camp at Tejunga and will start work on Montrose avenue boulevard next Wednesday. Work will begin at Honolulu and Montrose avenue.

A rumor is abroad that the Glendale & Montrose Railway company will extend their line to Pennsylvania avenue.

The quarter-acre lot on the northeast corner of Los Angeles and Honolulu avenue, which sold for $900 a year ago, was sold last week for $2700 cash. This shows the splendid increase in property values in La Crescenta.

School bond election will be held at the schoolhouse next Friday, April 29. Let everyone come out and vote and work for the bonds.

A. Steer of Los Angeles has leased the corner room in the Dr. Weber building and will open a first-class drug store at once.

The La Crescenta P.-T. A. was called to order Wednesday at 3 p. m., by the president, Mrs. S. B. Young. After a short program by the children, interesting talks were made by Miss R. Simpson of the County Board of Health, and Mrs. Ann Davis Thomas. The flag was awarded the room having the most mothers present, going this week to Miss Rhea's room.

Miss Annie M. Chase Leaves On Trip East

Miss Annie M. Chase of 1471 East California avenue, who for several years has been employed as cashier of the Pacific Telephone & Telegraph company's office, left Thursday morning for New Hampshire, where she will visit her parents, whom she has not seen for several years. Tuesday night before leaving, Miss Chase was the honored guest at a party given by her cousins, Mr. and Mrs. Frank Edward Cole of Lindon Way, Eagle Rock.

Directors Of C. Of C. Are Asked To Attend

The Grimes-Stassforth company of Los Angeles, members of the Glendale Chamber of Commerce, have sent tickets for the Los Angeles Business Show to the directors of the local Chamber of Commerce and the newspapers. The event will be held all of next week at the pavilion in Praeger park and will comprise representations by all of Southern California's industries.

C. E. Neale Called Committee Meeting

C. E. Neale, chairman of the Chamber of Commerce credit committee, has called a meeting for Monday noon at the White Inn where the interested merchants will dine at 12:30 o'clock. A plan for a local credit association has been worked out and all members of the Chamber who are interested should telephone Glendale 1262 for reservations.

Hold Funeral Service For John R. Wachter

The funeral services for John R. Wachter were held this afternoon at 2 o'clock at his late residence, 612 North Central avenue. The remains were placed in a vault, to be taken later to his former home in the east. The Jewel City Undertaking company was in charge.

CAPITALIZATION OF PECULIARITY MAY BENEFIT CITY

(Continued from Page 1)

down at her lap during prayer, she say the ivory handle of her fan. Turning to her husband, she said, "Let us call the soap Ivory." And there was where it got its name which fifty years of consistent standardization has made it worth a fabulous fortune.

Capitalizing Peculiarity

"Boys that stutter often capitalize this peculiarity which many might consider a handicap," according to the speaker. "When a man once asked a stuttering boy if it were not a handicap, he said:

"'N-n-n-no. It's only a p-p-p-peculiarity and everyone h-h-has h-h-his p-p-pecularities. L-l-l-let m-m-me ask y-you M-mr. J-jones, wh-wh-what h-h-hnd d-d-do y-you st-stir t-t-tea w-with?'

"'My right hand,' was the reply.

"'M-most p-p-people st-stir it with th-their teaspoon,' said the boy. 'S-so th-that's y-your p-p-peculiarity.'"

And from there on it was one story after another about Aunt Jemima's pancake flour, Certainteed Paint, the Victor Dog and His Master's Voice, the Libby Diamond, Cream of Wheat's darky waiter, the Big Ben clock, the Miller Tire's Service Man, the Fisk candlestick baby in "Time to Retire" and a half dozen others.

C. E. Convention Here

All of which led him up to the slogan adopted by the state Christian Endeavor convention committee of the Spanish boy and girl, "Glen and Dale." And in speaking of the initials C. E., he said to him it meant "Consecrated Enthusiasm," and said that representative men such as Judge Curtis D. Wilbur of Los Angeles, Dr. John Willis Baer of Pasadena, and Howard Brown or J. A. Newton of Glendale were typical of the four or five thousand people whom Glendale would entertain on June 25 to 29.

"These are men who have dared to wear the C. E. pin. They are the makers of new homes and the foundation of nation in the next few years.

"I believe you are going to be happy to have them as your guests," was Mr. Bundy's conclusion, "for they will be full of life and quick to see your city. Here may be the future home of many a splendid Christian who attends the convention.

"I think if you had a Glen and Dale posted along the roads leading into this city to greet tourists—a man and woman dressed in the old Spanish costume in vogue in the days of the Verdugos, it would be one of the greatest advertisements or trade marks you could have. And in the passing allow me to leave with you tonight a slogan which has struck me as fitting for your city:

"'Glendale, where opportunities prevail.'"

Mrs. Ella Richardson Entertains For Guest

Mrs. Ella W. Richardson of 317 North Brand boulevard and her house guest, Mrs. John Bloeser, have returned from Pomona, where they have been the guests of Mr. and Mrs. Reynolds during the convention of women's clubs of the Los Angeles district.

Mr. and Mrs. Reynolds have a beautiful home on a hill overlooking the entire city. Mr. Reynolds is a retired publisher. He is devoting most of his time to nature study, including birds and animals, as well as flowers. His collection of birds includes fifty varieties.

Ice Cream Factory Proposed For City

E. O. Quenvold of Fergus Falls, Minn., a scientific dairyman, was a visitor at the Chamber of Commerce headquarters yesterday with a view of locating an up to date dairy store here and establishing an ice cream manufactory.

Mr. Quenvold announced his intention of going back to Fergus Falls and disposing of his interests there immediately and being the first to manufacture ice cream here—an industry which has been overlooked.

Glendale C. Of C. Receives Invitation

R. L. McCourt of 336 North Central avenue, special committee chairman of the Better America Federation at Los Angeles, has sent the Glendale Chamber of Commerce an invitation to have a representative present at a banquet to be tendered Whiting Williams, on the federation lecturers. It will be held at the Ambassador hotel on the evening of May 4.

"COURT" IS PRONOUNCED SANE

LOS ANGELES, April 22.—Pronounced sane by the lunacy commission, "Count" Armand d'Aleria, 22, was back today with his wife, Mrs. George Nixon d'Aleria, 57, former widow of the late millionaire senator from Nevada.

ELKS BASEBALL CLUB TAKES LEASE ON NEW GROUNDS

SAN FERNANDO ROAD AND PARK AVENUE WILL BE SCENE OF FUTURE CONFLICTS

The Glendale Elks' baseball team, which heretofore has been playing its home games on the field just north of Forest Lawn cemetery on Glendale avenue, has secured a lease on the grounds on which the Glendale Merchants' team has been playing for the past few weeks. The new location lies on the corner of Park avenue and San Fernando Road, and after some slight remodeling will be known as the Glendale Athletic Field.

The fans who have been attending the games on Sunday will be insured of more high-class baseball every week, so states Vincent Salmacia, the peppery manager of the Elks' team. The infield of his aggregation, which has always been looked upon as the weak spot of the team, has been greatly strengthened by the addition of "Chuck" Flanders and the Gabaig brothers, Louie and Al. These three form a sterling trio of pill chasers, and with them in the lineup the squad will be one of the strongest in the southern California semi-pro ranks.

Game Scheduled Sunday

The team that will battle the local lads next Sunday is known as the New Methods, and Salmacia promises that his proteges will show them that they can be beat at their own game by old methods.

"Speed" Bolin, the hurler who has been doing such splendid mound work for the antlered diamond artists, will be the pitcher again Sunday, and this fact alone should insure a big crowd of onlookers.

Nothing will be lacking from the affair, as concessions have been installed which will dole out peanuts, popcorn, chewing gum, soda water and the usual "hot dog" without which a baseball game is never complete.

DETECTS SWALLOWED COINS

In the government mint in Japan an X-ray machine is used to examine suspected employees as they leave the establishment daily, and it has revealed the presence of coins that had been concealed in the guilty one's stomach.

Have You Heard of the

SHALLOW OIL FIELDS

AT

Conejo near Camarillo Ventura County?

Over 40 wells producing commercial oil at a depth of from 62 to 200 feet.

Shallow wells are easily drilled at a small cost, anywhere from $700 to $1200 each.

The average production from these wells is around 30 barrels a day.

You would like to make money in the oil business.

Here is your opportunity to secure an interest in a 36-acre oil lease at Conejo, the oil it produces and the profits obtained from production

Your money is deposited in the bank and cannot be used until a commercial well has been drilled and is producing ten barrels or over per day.

You are therefore guaranteed a commercial well or your money refunded in 60 days without interest.

Let me furnish you the facts today for these interests are being taken up rapidly

No obligation on your part. Let us hear from you by mail or phone.

H. L. MILLER COMPANY

109 S. Brand Blvd. Glendale 853

While drilling for oil near San Antonio, drillers discovered a thick bed of phosphate of high commercial value.

Gabriel D'Annunzio has received offers from several constituencies to elect him to the Chamber of Deputies in the general elections.

A member of the Wisconsin Historical society has announced that search for relics of Norse explorers who visited Minnesota in 1362 will be begun this year. It is his belief that the white men visited the northern part of the American continent one hundred years before the arrival of Columbus at San Salvador.

Flying machines carrying passengers now travel regularly between Paris and London. The fare is $10 and is being reduced steadily.

It is stated that Nicaragua has begun negotiations to resign her membership in the League of Nations because of the expense attached to the membership.

Some FACTS About

Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
January	29,883	57,208
February	35,305	63,603
March	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

Showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

"Serves You Right"

AIRPLANE GREATEST OF ALL WEAPONS, SAYS EXPERT

GAS ATTACK FROM AIR WILL BE NEW MENACE OF WAR IN FUTURE, CLAIM

LONDON, Eng.—The great war proved that warfare must, in these days of modern invention, be carried into the heart and center of civilian populations and that offensives must be instantaneous and launched first from the air.

Major-General Sir F. H. Sykes, controller-general of civil aviation, lays down these new principles of modern warfare and outlines others so graphic as to overshadow the products of the imagination of an H. G. Wells.

He is conducting a fight for the development of civil aviation in order that Britain may build, in peace time, the framework of a great war machine. For he sees the days of Britain's supremacy through her fleet nearing an end, and the possibilities of strangling an enemy by blockade waning.

Ready for Action

"In 1914," General Sykes declares, "it was some twenty days between the declaration of war and the exchange of shots. In the next war between great powers a mobile force of aircraft will be ready for action before the signature of the declaration is dry and the air battle will be joined in as many hours.

"There is every indication that torpedo attack by aircraft may reach a point where the very existence of opposing fleets, consisting of the giant capital ships of the present day, may be jeopardized. For the cost of one battleship a thousand torpedo-carrying aeroplanes could be built, and it is already questionable whether a battleship could survive an attack launched by even a small force of this mobile arm.

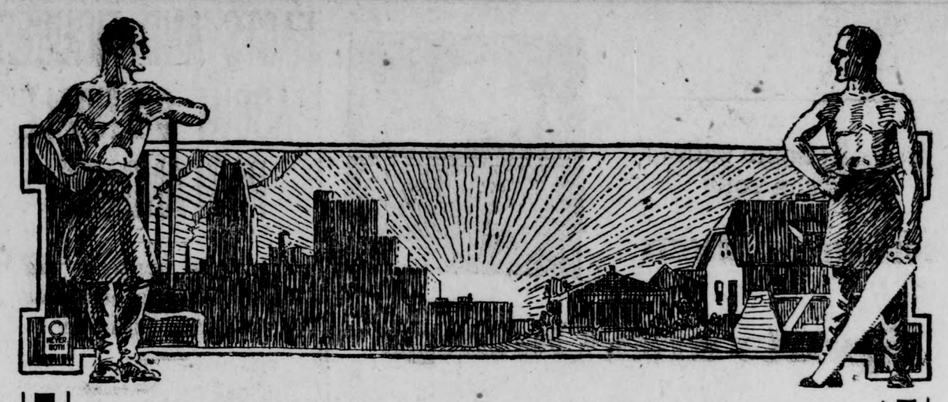
"Fleets operating near the enemy's coast will be vulnerable from land aircraft bases, and as the radius of aircraft action increases, close blockade will be rendered more and more difficult.

Gas Attack from Air

"Another form of operation may prove to be gas attack from the air, in co-operation with submarines, on naval bases. It is certain that aviation will materially modify naval tactics and construction.

"The war lasted long enough to prove the value of the strategic offensive by air.

"Modern warfare on the grand scale exemplifies the doctrine of the 'nation in arms.' Not only armies in the field, but men, women and even children at home are concentrated on the single purpose of defeating the enemy."



High Class Industries

Lady Nicotine Given Warning From Voliva

ZION CITY, Ill.—This shout and challenge—"death to Lady Nicotine"—came out of peaceful Zion today.

The voice was Wilbur Glenn Voliva's, monarch of Zion City and head of the church of Zion, informing the nation his campaign to drive tobacco back into the south had started.

Voliva is planning to send out some of his missionaries militant to fight the use of tobacco. "Tobacco must go!" shouted Voliva.

"Lady Nicotine has been pictured as a beautiful woman. She isn't. She's an ugly hussy and I'm going to prove it to the country."

Voliva's is the second reform organization to start an intensive drive against the flavored weed this week. The W. C. T. U. started its educational campaign yesterday.

The W. C. T. U.'s action is a "movement" and not a "campaign," officials said. The 500,000 members are to pray tobacco out of existence.

"We'll pray, too," said Voliva, "but we'll have our fists doubled up when we do it. It's all right to chase the devil with prayers, but a meat axe comes in handy once in a while."

Germans Take Trade; American Names Used

SAO PAULO, Brazil—The effort of the German to stage a post-war commercial comeback is probably more apparent in this city than in any other in Brazil.

As the leading center of the commerce of a fast-growing republic, Sao Paulo evidently has been picked by the Teuton commercial missionaries as the starting point of their "seize-Brazilian-business" campaign, and evidences of a certain success are apparent.

Shop windows are filled with German-made goods, including many articles which are flagrant imitations of widely-known American specialties. For instance, one smart shop here today is displaying a window filled with vacuum bottles. Each bottle bears—in large letters—the name of a highly-advertised American company which makes the same line of goods. In small letters underneath, however, is the tell-tale mark "Made in Germany."

A salesman for a big North American manufacturing company tells a story that gives a typical insight into German methods. This man sells heavy machinery and makes a specialty of machines for railway repair shops.

Recently he called upon an important division shop here in an effort to sell a certain machine. To his surphise the foreman exhibited a set of new machines, bearing the name of his own company. But the mark was there—"Made in Germany."

"The only way I can explain it," says the American, "is that the German copied this design before the war and had it ready for the market as soon as his ships were able to sail the seas again."

Cutlery, plumbing materials, electrical fixtures and a score of other articles tell the same tale. They like American-made goods until one hunts for the mark—which is always there—"Made in Germany."

And Sao Paulo has a rather large and very active German population, too. Immigrants have come in since the war and they are liked, because they work and attend pretty much to their own affairs.

A group of husky young Teutons, cow-hide boots, infantry trousers, with shovels on their shoulders instead of rifles. How they got out of Germany with the uniforms is a question they can best answer.

The German is proceeding quietly but surely in nearly every Brazilian market. The merchant, if he feels called upon to make an explanation, shrugs his shoulders and says:' 'It's good merchandise and his prices are cheaper than those of the Americans or the British."

The government has accepted a fireproof cover for the gasoline tanks of airplanes designed by aeronautical experts. The cover is not only fireproof but leak-proof and crash-proof as well. It consists of a sheet of soft, tough rubber laid on high-grade cotton fabric.

Love may be blind, but it can hear a husband complain about the cooking.

SPRING AND SUMMER

Furniture

As you are moving into your new home for the summer we earnestly request you to view our fresh and complete stocks of new furniture and furnishings before deciding definitely on your purchases.

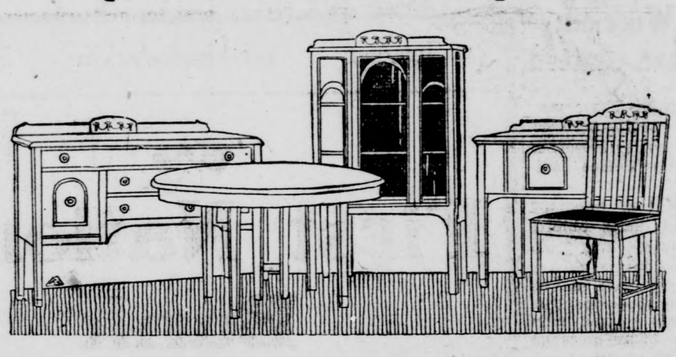
We are ready to fulfill requirements expeditiously and economically; ready to deliver at once; ready to make your Glendale bungalow or residence radiate the "homey" feeling that only the proper furnishings can supply.

We have assembled a big fresh stock of light, cool summer furniture for practically every purpose—furniture that will stand the rigors of the open air or sun parlor.

And it is offered at low prices that may be difficult to repeat in another month when the summer season is on its way.

Therefore, our advice to the wise and thrifty:

"Buy Now and Buy Here"



Let us know your wants for—

Your Dining Room---
Your Living Room---
Or Your Bedroom---

With the longing for the great outdoors under the sunny southland skies comes the desire for the necessary things that add decorative charm to the surroundings and restfulness and comfort to one's personal welfare.

All this may be secured by using artistic furnishings that lend a welcoming appearance to the interior, and breathe an air of coolness that is refreshing and soothing.

We have gathered many suggestions in new and artistic summer furnishings that cannot fail to make your home an ideal place in which to live this summer. Make your selections now as stocks are complete and prices will be in accord with your pocketbook and desires.

The lamp department plays an important part in helping decorate the interior of many homes hereabout.

Comfortable chairs have a prominent place in our stock.

TELLS ABOUT PLANS FOR GRAND VIEW MEMORIAL PARK

LEN C. DAVIS IS DOING MUCH DEVELOPMENT WORK; CHAPEL WILL BE CONSTRUCTED

Revealing transformations which have made a rustic burial ground into a work of art, visitors at Grand View Memorial park in northwest Glendale today will appreciate the guiding genius of Len C. Davis, superintendent, who is now in personal charge of the vast amount of development work being done in this cemetery which lies entirely within the bounds of the city.

Physical improvements in the way of an electrically-lighted entrance arch, a pleasant office building and residence and an old English chapel are but minor affairs compared with the general effect being obtained by a systematic amount of landscape gardening.

Many of the present evergreen cypress trees are being taken out so as to form an amphitheatre setting for the burial plots. And 800 camphor and 200 bottle trees are being placed where they will shade the graves in such a way as not to affect the other arboreal beauty.

More Than 1000 Plots

There are more than 1000 plots and so great is the demand for accommodations in the memorial park that development work is being rushed in sections C, D, F and H. In the other sections which are neatly parked and under perpetual care, many members of Glendale's pioneer families are buried.

It is estimated by Mr. Davis that there are 800 Grand Army men alone buried there and he expects that Memorial Day services this year will be largely attended as there are many veterans of the world war interred in Grand View Memorial park also.

The majestic forty-foot electric arch which is being installed this week will span the Sixth street entrance. It is a stucco structure that will be completed in a week or so. It will be decorated in rose colors which predominate in the office. The interior of the latter is to be done in oil and eliminate the dreariness which usually attaches itself to cemeteries.

Well-Equipped Chapel

Mr. Davis has plans for a modernly-equipped chapel, which will follow Shakespearean age of English architecture which he will commence building in Section D within the next two or three weeks. It will cost in the neighborhood of $14,000. This chapel will be for the free use of people during burial services.

Speaking of the perpetual care accorded the graves, Mr. Davis states that Grand View Memorial park had donated a right-of-way to the city of Glendale for its construction of a new trunk line of water main which will always insure sufficient water for the cemetery's demands.

Many of the owners or relatives of those who purchased burial plots in years past are co-operating with Mr. Davis in establishing the perpetual care funds, only the interest of which is applied to the work.

Nutritive Values Are Found In Soft Drinks

F. H. W. Henry, of Henry-Brown company, Glendale, has received a statement from Washington to the effect that Dr. L. B. Allyn, chief chemist of the Westfield laboratories, who has made an exhaustive study of carbonated beverages from the standpoint of their food value, announces that soft drinks have the following nutritive significance:

1. They possess material which averages about 175 calories per pint. Many commonly-used foods have less caloric value, weight for weight.
2. They contain various fruit acids which are well utilized to promote the health of the system.
3. Pure flavors have a condimental effect which is frequently increased by the use of carbon-dioxid.
4. A complex diet is the father of a complex thirst. Soft drinks are a natural result.
5. To be of the greatest nutritive value, they must be sanitary, pure and free from any injurious ingredients.
6. They should be drunk slowly to avoid chilling the upper part of the alimentary tract. Many complaints concerning them are traceable to their misuse rather than to the presence of deleterious ingredients.
7. They tend to reduce the craving for alcoholic stimulants.

Dr. Allyn closes his report by asserting:

"The soft drink of today is no inconsiderable factor in the diet and social life of the public. Money spent for the intelligent use of pure soft drinks brings to the consumer a good return on the investment."

Chicago has decided to rent out its fire department on taxicab rates to towns within 100 miles. Certain companies do more for suburbs for which they receive no compensation than they do for the city.

GIVES ALLOWANCES FOR TEACHERS IN RETIREMENT

OVER SEVEN MILLIONS ARE GIVEN BY ORGANIZATIONS IN LAST 15 YEARS

NEW YORK—Distribution of $7,964,389 for retiring allowances and pensions to 900 persons have been made through the Carnegie Foundation for the advancement of teaching during the last fifteen years, according to the annual report of the foundation, made public today.

Total resources of the foundation were listed at $24,628,000 of which $15,192,000 belongs to the permanent general endowment. A retirement reserve fund consisting of $7,571,000 is set aside to be expended during the next sixty years for relief of teachers in associated colleges.

A fund of $1,250,000 is held for and $390,000 to aid universities and colleges to adopt a new plan of contractural annuities. This plan provides for development of contractual form of insurance and old age annuities through the policies of the teachers insurance and annuity association.

Purpose of Association

This association was established by the foundation through a gift of $1,000,000.

Its purpose is to provide insurance and annuity protection to college teachers without overhead charges. It has written, the report said, 653 insurance policies covering $3,356,747 of insurance and 554 annuity contracts providing for $624,398 annual income at retirement.

The distribution of money during the last fifteen years has been divided among former Harvard university teachers who received $625,000; former Yale teachers $548,000, and retired Columbia educators $464,000.

Sixteen other institutions received sums of between $100,000 and $200,000 and the remainder has gone to eighty different colleges.

There are 356 retiring allowances and 190 widows' pensions now in force.

Waits 23 Years To Get 3-Cent Check

SALEM, Ore.—After waiting for more than 23 years, O. P. Hoff, state treasurer, has received a check for 3 cents which he overpaid for Spanish-American War bonds issued in the year 1898. The check was issued by the United States government and was made payable at the treasury department.

American Chorus Girl Defies French Rival

PARIS—The American chorus girl, whose beauty and graceful dancing have made her the envy of stage folk throughout the world, is to have a chance to measure up against the Parisian stage beauty for the first time as a permanent drawing card for Parisian theatre crowds.

An all-American musical comedy house, putting on exclusively American produced and American executed shows, will be opened in Paris soon under the same management as the Folies Bergeres, Paris' Winter Garden.

The Theatre Apollo, on rue Clichy, has been leased for this purpose and performances will begin in the near future. The theatre Apollo is one of the larger and popular Parisian playhouses. It will be remembered by many American doughboys as the Bal Apollo, for it was converted into a Dansant after the armistice.

It may also be remembered on account of a freak happening during a bombardment, when a bomb dropped through the roof during a performance, landed in the deep cushions of a fauteuil and nestled there quietly without going off or injuring a soul.

This will be the first time an all-American house has tried to compete with French theatres in their own field on a permanent basis.

Exponents of the American stage predict an immense success for the venture. Nearly everyone who has had opportunity to compare the American chorus with its European stage equivalent has been struck with the superiority of the former. American chorus girls dance much better collectively and probably quite as well individually and they are very far from being inferior in "pep" and vivacity, for which the French stage beauty is renowned.

French chorus girls frequently are graceful as individuals, but they do not know how to dance together. They lack that collective unity of movement which has made American chorus and drill teams famous the world over. Viewed from the galleries the average Parisian chorus resembles an American caste in an early rehearsal, before the director's sharp tongue has lashed the kinks out of the beauty line-up and forced a stage-full of dancers to move like one person.

The American colony in Paris is jubilant at the prospect of having a chance once more to slip into a first row seat for an evening feast of real American beauty and song.

PLANS FOR ELEVATORS

Plans are developing in Yolo county for the construction of five medium-sized elevators at terminal points for the handling of the great barley, wheat and rice crops of Yolo county.

Coffee Kings Worried; Markets Are Glutted

SAO PAULO, Brazil.—These may be lean months in the coffee industry but one sees new surface evidences of hard times here in the "Coffee Capital of the World."

The streets are full of imported automobiles—the new ones chiefly from the United States—and from behind the shaded limousine glasses women in Paris gowns glare at one through the inevitable lorgnette. The fathers of these same women may have come from Italy in the steerage—but Brazil is a liberal country and money speaks a universal language.

Under the surface, however, one catches now and then a glimpse of the "Fazendeiro's troubles."

The new crop is just coming on and last year's production—the greatest in the history of the state, which produces some 60 per cent of the world's coffee output—still is largely unsold.

The loan just floated by a syndicate of London bankers, part of which is to be sold in New York, is expected to finance the present harvest, but it cannot supply a profitable market and that is what the coffee men must have if they are to keep going.

Prices in most of the big foreign markets, the coffee men tell you, are below the actual cost of production and markets are glutted at even these prices.

However, the Paulists aren't losing a lot of sleep. They have pulled out of worse scrapes than this, they remark with a smile, and things will break their way sure inside of the next six months.

The whole coffee situation is much the same as the sugar crisis in Cuba. During the war everybody wanted coffee and price was no object. Fazendas doubled the number of their trees, prices soared and everybody had money to burn. Like the Cubans, some of the Brazilian Fazendeiros burned it and these are the people who are suffering most now.

Others—including many wealthy old Italian immigrants—stuck to the woolen sock of Europe and are still with money to spare.

The batting in the bandit league seems to be well sustained.

CAR OF EQUIPMENT IS RECEIVED FOR LOCAL TROOPS

ARMY GOODS ISSUED GUARDS AND CELEBRATION WILL TAKE PLACE SOON

Five tons—more than 10,000 pounds—of equipment, occupying the larger part of a freight car, has been received by the Fifth Separate company, National guards, "Glendale's Own," according to Captain Thomas D. Watson. This announcement was a pleasant surprise for the guardsmen last night at their regularly weekly practice drill, for in the vast assortment of regular army issue goods there are:

Seventeen big tents.
Three officers' tents.
Several tarpaulins.
Full equipment, including packs, mess equipment, two blankets each, uniforms, service hats and overcoats for ninety-three men.
Several compasses.
Eighteen automatic pistols for non-commisisoned officers.

Celebration Proposed

And that isn't all, but only a good idea of what the guardsmen were unloading yesterday afternoon and inspecting today. Rifles for the company are still to be received.

Within a short time, when all of the equipment is issued, it is planned to have a celebration at the new armory hall above the boulevard branch of the Los Angeles Trust & Savings bank which will soon be ready for occupancy. All of the men of Glendale will be invited to attend this affair.

Four recruits were mustered into the guard service last night.

Varied Program Given At W. C. T. U. Session

At yesterday's session of the W. C. T. U. convention at Pasadena, Mrs. Gleason, national W. C. T. U. parliamentarian and author of Gleason's Parliam Digest, held a contest in which four members competed. Dr. Len Hutchins received the first prize, a beautiful gavel.

The remaining hour of the morning was spent in the introduction of specially honored guests, including Rev. Henry, Miss Usher, returned missionary of Armenia; Mrs. O'Dell of the Pasadena Board of Education, representing over 9000 children; Mrs. Lair, for eight years president of Los Angeles W. C. T. U. federation; Miss Jones of Idaho; Mrs. Bishop of New York, and the local chairmen of the convention committees.

The subject of the afternoon session was a Symposium, "That they might be one, as we are one." Well-delivered addresses were given on the following subjects: "What is the Matter with the Home?" by Miss Jenkins, a kindergarten teacher. "What Is the Matter with the Church?" by Mrs. Stella Irvine, former state president of the W. C. T. U. "What Is the Matter with the W. C. T. U.? by Mrs. Phelps. "What Is the Matter with the Clubs?" by Mrs. Mary Coman. "What Is the Matter with the Legislature?" by Mrs. Helen Stoddard, state W. C. T. U. president, who has just returned from several weeks' attendance at the legislature.

The "March of Triumph" was participated in by the presidents of the local county unions. This was followed by excellent talks by district directors, Mrs. Hattie Doughty, Mrs. Jennie Thompson and Mrs. Hattie Young.

A banquet was given at 6:30 p. m., with about 200 present. Mrs. Yeoman acted as toastmistress, when the "Glad Hand" greetings were given by officials of the city, churches and clubs. This was followed by an address by Hugh K. Walker.

Members Of Hi-Y Plan Swimming Party

The boys of the local Hi-Y society held their weekly meeting last night in their quarters in the T. A. Wright building on East Broadway. After a short business session the boys adjourned and went over to the high school, where they attended the debate between Glendale and Covina.

Fred Stofft, the president of the organization, announced after the meeting that the boys are planning on making up a swimming party to Bimini's on the evening of May 20.

Popular Cantata Will Be Given Once More

The cantata, "David, the Shepherd Boy," which was recently given by the Choral Society of the Seventh-day Adventist church, met with such popular favor that numerous requests have been received to have it repeated. This cantata will again be given in the church building Saturday night of this week. The public is invited.

If you aim high and miss what you are aiming at, even so you may bring down an eagle.

Watching Scoreboard

Yesterday's hero—Bernie Neis. Brooklyn's petite fielder doubled with the bags jammed in the eighth inning and the Braves were beaten, 4 to 2.

Babe Ruth got his third home run, two doubles and a single off young Moore of the Athletics. The Yanks won, 6 to 1, making it three in a row for Carl Hays.

Dave Bancroft booted one in the sixth inning and gave the Phils the run that beat the Giants, 6 to 5. George Kelly hit a homer.

Stephenson, college second baseman of the Indians, figured in three of the four runs that beat the Browns, 4 to 3. He hit a double and sacrifice twice.

Harry Hooper's two doubles and a single helped the White Sox beat the Tigers, 8 to 3.

Sam Jones held Washington down to two hits and drove in the run with a single that made the Red Soxs 1 to 0 winner.

The Reds knocked Adams and Ponder out of the box but Chief Yellowhorse stopped them and the Pirates won, 8 to 7.

The Cubs and Cards—rain.

Subconscious Desire Makes Voice Return

MINNEAPOLIS—After thirty-one months' speechlessness, Paul Robertson, Brooklyn, N. Y., wounded, gassed and shell shocked soldier, has found his voice.

"Faith in his power to talk" evoked the cure, said Dr. James McLaughlin, who was called to attend Robertson yesterday, when he was "feeling queer" just before the vocal chord articulated the first word in nearly three years.

"The vocal chord itself had not been damaged," said Dr. McLaughlin. "It simply happened that yesterday Robertson's subconscious, but suppressed wish to talk found expression in the conscious. That sort of thing is happening every day."

Trustee Lapham Chosen To Visit Grand View

Trustee A. H. Lapham last night, at the meeting of the Board of City Trustees, was officially named as a delegate to represent the board at a meeting to be held next Monday night by the Grand View Improvement association at which interest is to be aroused in behalf of the proposed $30,000 water bond issue to be voted upon by the district next Tuesday. Other members of the Board of Trustees, stated Dwight W. Stephenson, president, will be welcomed at the meeting.

The session of the association was called to the attention of the trustees in the following communication from T. W. Watson, city manager:

"We have been requested on behalf of the Grand View Improvement association to request the members of your board to attend a business and social meeting of this association to be held at the residence of C. Ellsperman on Sixth street in the Grand View District Monday evening, the 25th instant, at 7:45.

"One purpose of the meeting is to enlist the interest of all the voters in that district in the election for $30,000 of water bonds to be held on Tuesday. Also to discuss street plan for the district and other civic matters of interest of that section."

Perhaps Charlie Chaplin, in deciding on another matrimonial venture, felt that he needed publicity.

ADVISES TRUSTEES ON WATER, LIGHTS OUTSIDE CITY

ATTORNEY HARTLEY SHAW, IN OPINION, EXPLAINS WHEN SERVICE NECESSARY

(Continued from Page 1)

that territory are entitled to be supplied with such water by whomsoever may be in control thereof. In the present case the city of Glendale is the owner of certain water pipes outside of the city which were acquired by purchase from water companies which were supplying water in that territory. I have no doubt that the acts of the companies in question amounted to an appropriation or dedication of water owned by them to the use of persons whose property is along the line of pipes now owned by the city and that all such persons are entitled to be connected with the city pipes on paying the properly established charges therefor.

"While the cases on the subject have related to waterworks, I have no doubt that the same principles would be applicable and the same rule established as to the supply of electricity, and that, therefore, the city would be under obligations to supply such electricity to persons residing along its electric lines.

Consent Is Required

"Some of the water consumers supplied by the city of Glendale are situated in the cities of Los Angeles and Eagle Rock and as to them the situation is somewhat affected by Section 19, Article XI, of the State Constitution, which has provided ever since 1911 that a municipal corporation shall not furnish any public service to the inhabitants of any other municipality owning or operating works supplying the same service to such inhabitants without the consent of such other municipality expressed by ordinance. This provision was in effect at the time the city of Glendale acquired its water systems and the city of Los Angeles at that time was engaged in supplying water to its inhabitants. It, therefore, became necessary for the city of Glendale to obtain the consent of the city of Los Angeles by ordinance before supplying any water to inhabitants of the city of Los Angeles. I understand that such consent has never been obtained. I recommend, therefore, that the matter be brought to the attention of the city of Los Angeles, and request for such consent be made, and if it cannot be obtained it may become necessary for the city of Glendale to cease the supply of water to the inhabitantts of the city of Los Angeles.

"The same situation, perhaps, exists as to the city of Eagle Rock, but the facts are not identical there because when the city of Glendale acquired its pipe lines situated in the city of Eagle Rock that city had no municipal waterworks plant, although it has since acquired one, and it may be that the constitutional provision would not apply to such a case. However, that there may be no question about the matter, it might be well to make application to the board of trustees of the city of Eagle Rock for permission to continue the supply in that city.

Does Not Authorize

"To sum the matter up then, I advise you that the exception in your above mentioned resolution of February 24, 1921, covers the case of all persons owning property along the water pipe lines or electric distributing lines of the city in territory outside of the city limits and that as to such persons now connected with the systems or demanding hereafter to be so connected your resolution does not authorize or require the city to refrain from the supply of water or electricity."

On motion of Trustee Lapham, the city manager, T. W. Watson, was instructed to confer with the officials of Los Angeles and Eagle Rock as outlined in the communication of the city attorney.

"May 1st Is Straw Hat Day"

They're Here, Men!

New Straw Hats

—There is no longer any need of wearing that warm felt hat or woolen cap. Fall into line with the season and get under a cool Straw Hat.

—We can now supply you with any style, shape or make you want at most acceptable prices.
—Come in and see them Saturday.

Tom Sawyer Suits

—Here is just the clothing Mother is looking for for the Little Boys. Neat and dressy, light and washable suits that will stand the wear and tear. See our window display today or tomorrow, then come in and buy two or more of the Tom Sawyer suits for your little son.

FEATURE IN FILMS AND VAUDEVILLE AT GLENDALE

STAGE SUCCESS IS SHOWN IN PICTURE; AMATEURS WILL PERFORM FOR CROWDS

There will be five acts of amateur vaudeville featured at the Glendale Theatre's first show tonight which should attract a capacity house while those who enjoy the silent drama in its most popular form will find a feature patterned to their taste in "Colorado," with Frank Mayo as the star. This photodrama had its first local showing last night and vastly pleased a large audience attracted by the favorite star and delighted by his splendid vehicle.

"Colorado" was a huge stage success a few years ago. It is the work of Augustus Thomas, foremost of American playwrights.

Most Interesting Role

In the role of Frank Austin, alias Lieutenant Hayden, the man who thinks he has deserted from the army to save a woman's good name and who tries to carve a new career for himself in the mining country of Colorado, Frank Mayo has one of the most interesting roles of his career. The part is eminently suited to his manly, robust character, and gives him opportunity to use all the acting skill he possesses.

Alone on the desert, he saves the life of a dying man, who takes him into his home and shows him a new path to happiness. The man's daughter wins the fugitive's heart and shows him the goodness which fills the world; but, living under a cloud, he is unable to tell her of his great love.

Madame Clement is featuring "Down the Trail to Home Sweet Home" as the organ prelude. Tomorrow David Butler in "Girls, Don't Gamble" is the drawing card.

Cesspool Construction Permit Given By City

On motion of Trustee Henry, the Board of City Trustees in session last night acted favorably on the request of the Roy L. Kent company for permission to construct a cesspool in the parking at the corner of Wilson and Maryland, on the following recommendation from T. W. Watson, city manager:

"In regard to application of Roy L. Kent company to construct a cesspool in the parking at the corner of Wilson and Maryland avenues to serve the warehouse now being constructed at that location. As stated in the application the building will cover the entire lot and there seems to be no other available location for the cesspool except in the parking. This will also be the best location from which to connect with sewer at some future date.

"I would respectfully recommend that permission be granted to install the cesspool in the parking."

Shares Sell Fast In B. and B. Oil Venture

With more than three-score of applicants for one or more shares in the B. and B. Oil Associates, H. L. Miller of the H. L. Miller company, 109 South Brand boulevard, reports that local people are buying "like wildfire" in this shallow field opportunity. The property is located at Conejo, near Camarillo, Ventura county, and the proposition is that no money is used until a producing well is brought in on the thirty-six-acre tract on which it is planned to drill sixty wells. Most of the wells average from 120 to 200 feet in depth and drilling operations are now proceeding on the B. and B. lease. There are said to be more than forty producing wells in this section at the present time.

Among the local purchasers of shares in the lease are business men and wise investors, according to Mr. Miller, which indicates that the opportunity in this venture will soon be closed.

It is the boast of the dairymen of Holland that in their country there is a cow to every inhabitant.

Monterey Road Work Is Now Under Way

Residents in the eastern section of North Glendale are rejoicing over the recent beginning of work on the Monterey Road extension, which will follow the windings of the wash and connect the present Monterey Road, which lies east of Glendale avenue, with Patterson street. Workmen have already pitched their tents at the junction of Kenwood street and the Wash, and are going about the filling in and grading work in that section.

This much-needed improvement, when completed, will be of inestimable value to property holders of that neighborhood, as it will open the land up to the east as well as the west. The tract known as Thom's ranch will be greatly benefited by the step.

This Story May Have Moral; Look For It

HAMMOND, Ind.—The Rev. Geo. B. Jones, pastor of the First Methodist Episcopal church of East Chicago and an ardent dry worker, while lifting a large jug filled with water was severely hurt when the jug slipped from his grasp and fell on his foot. The bones were crushed.

Now that nearly everybody except a few hardy souls has discovered that home brewing is a failure, maybe there will be more room in the refrigerators next summer for the milk and butter.

City To Make Charge If Permit Duplicated

Hereafter the city will charge 50 cents when two permits for one plumbing job are issued in duplication. This was decided upon at the meeting of the Board of City Trustees last night, on motion of Trustee Lapham, when the following recommendation was submitted by T. W. Watson, city manager:

"In regard to application of C. E. McPeek for refund of $1 on account of duplicate plumbing permit issued. There were two permits issued for one job. It has been customary heretofore in such instances to refund the charge for one permit.

"I would respectfully recommend that this be done in this instance but that hereafter in all such cases 50 cents be retained to meet a portion of the cost of the clerical work in connection with issuing such permit."

The Council of Six Nations Indians has decided to appeal to King George of Great Britain against the proposed enfranchisement of Indians in Canada. It desires to retain its tribal form of government and is appealing on grounds of "sacred agreement" between King George III and Joseph Brant.

At the request of the owner, and with the consent of the federal judge, a saloon in Chicago which was closed for violation of the prohibition law, was recently turned over to a family with ten children who were evicted from the home they were buying because of inability to pay installments.

C. CASWELL, PROP.

MINUTES OF CITY TRUSTEES

The proceedings of the Board of City Trustees in session at the city hall last night, as taken from the official minutes compiled by J. C. Sherer, city clerk, are as follows:

The board assembled at 8:15 p. m., all members present. The minutes of the regular meeting of April 14 were read and approved.

Bids

Bids were called for for the improvement of Dayton Court. The following bids were opened and publicly declared.

Ralph E. Homan Co.—Grade, 95c; oiling and tamping, 9c; curb, 55c; sidewalk, 20c.

Peter L. Ferry—Grade, 20c; oiling and tamping, 6 1-3c; curb, 60c; sidewalk, 23c.

Cornwell & Henderson—Grade, $1; oiling and tamping, 5½c; curb, 50c; sidewalk, 18c.

These were referred to the city manager.

Requests Approval of Map

H. A. Eddy addressed the board requesting the approval of a map of certain territory in the Grand View district. The chairman stated that no plan had yet been adopted in regard to the streets in that territory, but that the matter was being considered by the trustees.

Application to Remove Trees

An application was presented from W. E. Roake for permission to remove two trees from the parkway at the corner of Brand boulevard and Acacia avenue. Referred to the city manager.

Permit Asked for Billiard Room

Application was read from George J. Trauxe of 119 East Park avenue, asking for a permit to conduct a pocket billiard room in Glendale. The application stated that if permit is granted he would erect a building on Brand boulevard and open a first class amusement place that would be a credit to the city. Referred to the committee of the whole.

Want Better Water Service

A petition was read signed by Robert M. Gaddis and about fifty other residents of the territory referred to, asking that the board of trustees give that territory in the neighborhood of East Dryden street and Campbell street some relief from the inadequate water supply from which it has been suffering for the past two years. Referred to city manager.

Annexation Petition

A petition was presented signed by Porter S. McNutt and seventeen residents of the district asking that the trustees call a special election in the territory outlined in the petition at which will be submitted the question whether said territory will be annexed to the city of Glendale. The district described comprises the unimproved portion of Sycamore Canyon adjoining the cities of Pasadena and Eagle Rock. Referred to the city clerk to check up on the great register of the county and report.

Permit to Conduct Dog Kennel

Application was presented from Poultry & Pet Stock Exchange, 117 West Broadway, for permit to conduct a dog kennel and the same was referred to the city attorney as to form and he later reported that it was incomplete and it was ordered to return application for correction.

Appointment Confirmed

The city marshal reported the appointment of C. E. Epps as patrolman and the same being approved by the city manager was confirmed by the board.

Maple Street Improvement

The chairman stated that on account of the number of new protests having been filed it would be necessary to further postpone hearing and action in regard to the protests against the confirmation of the assessment for the improvement of Maple street and on motion the hearing was continued until 8 o'clock p. m., April 28, 1921, on roll call vote, all voting aye. On motion of Trustee Robinson the following resolution was adopted on roll call all voting aye:

"WHEREAS, Certain persons interested in the improvement of Maple street between the easterly curb line of Glendale avenue and the westerly line of Sycamore Canyon road in the city of Glendale under Resolution of Intention No. 1128 passed by this board September 23, 1920, and in the assessment therefor, have appealed to this board, within thirty days from the date of the warrant, from the acts and determinations of the street superintendent in making and issuing his assessment and warrant for the expense of said improvement. Now, therefore it is hereby ordered that all of said appeals be heard on the 28th day of April, 1921, at 8 o'clock p. m. at the council chamber of this board in the city hall of the city of Glendale, and the clerk of this board is hereby directed to give notice of said hearing by posting notice of said time and place, as required by law, on or near the council chamber door of this board, conspicuously for five days."

Demands

The demands were presented and referred to the finance committee, and on motion of Trustee Robinson warrants ordered to be issued in payment of the same by the following roll call, all voting aye.

Grand View Association

On behalf of the Grand View Improvement association invitation was extended to the members of the board to attend a business and social meeting to be held at the residence of C. Ellsperman in the Grand View district, Monday evening, April 25. On motion Trustee Lapham was appointed to represent the board on that occasion.

Additional Clerk Appointed

The city manager recommended that a special appropriation of $100 per month for the balance of the present fiscal year, commencing on Monday, April 25th, next, be made to provide a clerk and stenographer for the city clerk's office. On motion the recommendation was approved and it was so ordered by the following roll call: Ayes, Bartlett, Henry, Lapham, Robinson, Stephenson. Nays, None.

Permit Granted Mrs. Atkinson

The city manager reported in regard to the application of Mrs. Ada Atkinson for a permit to care for two or three patients at her residence, 455 West Wilson avenue, recommending that the same be granted and on motion of Trustee Lapham recommendation was adopted, and it was so ordered, on roll call, all voting aye.

Permit for Garages

In reference to several applications for permits to establish public garages referred to the city manager, the manager made the following recommendations:

The application of P. A. Pollock, southwest corner of Pacific and Broadway is opposed by a number of residents of that vicinity and no recommendation is made.

Application of Dodge Service Station, 111 West Harvard street, approved.

Application of E. V. Jellison, 1006 South Brand boulevard, approved.

Application of Leon E. Bachman, southeast corner of Glendale avenue and Colorado street, approved.

The cases were taken up separately by the board in regard to application of Mr. Pollock, Mr. James expressed objections to the same. On motion of Trustee Robinson this application for a permit was denied.

Application of Dodge Service Station, E. V. Jellison and Leon E. Bachman, were by various motions, approved and permits granted.

Removal of Trees

The city manager reported in regard to application for removal of trees as follows:

Application of Mr. Stephenson, 312 West Broadway, recommends that permission be granted to remove two acacia trees with the understanding that camphor trees be planted in their place.

Application from party at 308 West Broadway, recommends that permission be granted to remove two acacia trees with the understanding that camphor trees be planted in their place.

Application of T. S. Caldwell, 335 West Broadway, recommends permission be granted to remove three acacia trees and to be replaced by two camphor trees.

On roll call all voting aye, recommendations of the city manager were approved and permits granted.

Cesspool Permit

The city manager recommends that permit be granted to Roy L. Kent company to construct a cesspool in the parkway at the corner of Wilson and Maryland avenues, and on motion of Trustee Robinson recommendation approved, and it was so ordered.

Bids for Auto Truck

In regard to bids to furnish the city a motor truck and equipment, referred to the city manager on the 14th inst., he recommended the acceptance of the bid of Packer & White Auto company to furnish one two-ton new Moreland truck, model 20-B, with steel garbage body attached, for $3,450, to be lettered "City of Glendale." A representative of the Republic Truck company who spoke in regard to the merits of the truck that he represented, and on motion of Trustee Robinson the matter was laid over for one week.

Refund to C. E. McPeek

The city manager recommended that a refund of $1 on account of duplicate plumbing permit issued, be made to C. E. McPeek, as applied for by him and on motion it was so ordered by roll call, all voting aye.

Lexington Drive and Doran Street

The city manager presented a communication in regard to the complaint of E. R. Olin, referred to him, as to the condition of Lexington drive. It was stated in the communication that this section of the city referred to not having been improved cannot be kept in satisfactory condition and he further recommended that proceedings be taken for the improvement of that portion of Lexington drive, extending west from Glendale avenue that is now unimproved; said improvement to include grading, 3-inch macadam roadway, curbs and sidewalks. He further expressed the opinion that proceedings should be taken for the improvement of Doran street immediately west of Glendale avenue.

On motion of Trustee Robinson, the city engineer, was instructed to prepare proceedings for the improvement of portions of Lexington drive and Doran street, west of Glendale avenue.

Stocker and Campbell Streets

The city manager made a report in regard to the petition filed with the board asking for relief from inadequate water supply in the neighborhood of East Stocker and Campbell streets. He stated that service was unsatisfactory owing to the small distribution mains which are 2-inch capacity, and he further stated that the adoption of Proposition No. 2, as the policy for financing service mains, makes it advisable that in this case the parties interested petition the board to take the necessary legal proceedings for the laying of a 4-inch cast iron distribution main on Dryden and Campbell streets, with the understanding that 6-inch main will be laid on Dryden street and that the difference between the cost of a 4-inch service main and a 6-inch distribution main will be paid for by bond issue. The total frontage within the city limits affected would be 3,189 feet. The petition represents 1,630 feet. Ordered to be filed.

City Attorney's Opinion

City Attorney Hartley Shaw, presented a written opinion as to the effect of the resolution adopted by the board, Februry 24, 1921, relating to service of water, etc., outside the city limits.

The city attorney referred to certain decisions of the courts by which it has been established that where the city purchases a water plant, it takes the plant with all the burdens as to the territory and consumers entitled to be supplied therefor, that had been imposed upon by former owner of the system, and further that where water has been appropriated for the use of the public in certain territory, the persons within that territory are entitled to be supplied with such water by whomsovere may be in control thereof. In the present case the city of Glendale is the owner of certain water pipes outside of the city, acquired from certain water companies in that territory, and the acts of the companies in question amounted to an apropriation for dedication for water owned by them to the use of persons located along the line of pipes now owned by the city, and that such persons are entitled to be connected with the city pipes and paying the properly established charges therefor. In the belief of the city attorney, the same principle would apply to electricity.

Communication further stated that some of the water consumers supplied by the city of Glendale are situated in the cities of Los Angeles and Eagle Rock, and that it is required by Article 11 of the State Constitution that in such case, the permission of the municipalities supplied shall be obtained by the municipality supplying water, to engage in such service. He recommended that the matter be brought up to the City of Los Angeles and Eagle Rock.

Communication was ordered to be filed and a motion of Trustee Lapham adopted that recommendations of the city attorney be complied with and that the city manager is instructed to attend to the same.

Suit Against City

The city attorney reported that a suit had been entered against the city of Glendale for damages resulting from a collision with an automobile driven by Mr. Diederich of the public service department, and on motion the city attorney was authorized to enter an appearance in behalf of the city in the case of Place vs. City of Glendale.

Canvass of Votes

The canvass of votes on Proposition Nos. 1 and 2 at the election of March 29, 1921, was taken up at this time and the chairman appointed Trustees Bartlett, Lapham and Robinson as tellers to make the count. The tellers reported the result of their count and made their report which was embodied in the following resolution adopted on motion, all voting aye.

Whereas, this board did by resolution submit to the electors of the city of Glendale at a special election held therein on the 29th day of March, 1921, the two propositions hereinafter set forth regarding the manner of financing the cost of local service mains for the water system of the city of Glendale, and the returns of said election have now been presented to and canvassed by this board,

Now, therefore, be it resolved, by the board of trustees of the city of Glendale that the result of said election upon said two propositions hereinafter mentioned is as follows:

That the propositions voted upon and the number of votes given at each precinct and in the whole city of Glendale for and against each of such propositions are as follows:

Proposition No. 1—"The cost of all local service mains hereafter installed in the city of Glendale, including all service mains not over 4 inches in diameter, and also where a distribution main larger than 4 inches in diameter is also used for a service main, a part of the cost of such distribution main equal to the cost of a 4-inch main in the same location shall be paid from the proceeds of general municipal bonds of the city of Glendale, and the principal and interest of such bonds shall be paid by a tax levied on all property in said city."

Number of votes cast in consolidated election precincts Nos. 1 to 8: For proposition No. 1, 65, 105, 72, 55, 98, 90, 51, 49. Total number of votes cast in the whole city of Glendale for said proposition No. 1, 585.

Proposition No. 2—"The cost of all local service mains hereafter installed in the city of Glendale, including all service mains not over 4 inches in diameter, and also where a distribution main larger than 4 inches in diameter is used also for a service main, a part of the cost of such distribution main equal to the cost of a 4-inch main in the same location, shall be paid by local assessment on the property served by such mains."

Number of votes cast in consolidated election precincts Nos. 1 to 8: For proposition No. 2, 87, 56, 90, 39, 126, 110, 55, 40. Total number of votes cast in the whole city of Glendale for said proposition No. 2, 603.

That the whole number of votes cast in the city of Glendale upon said proposition Nos. 1 and 2 was 1188.

That it appears that said Proposition No. 2 received the greater number of votes at said election and said Proposition No. 2 is, therefore, hereby adopted as the policy of said city to be hereafter followed in the matter of financing the cost of all local service mains to be hereafter laid for the water system of the city of Glendale. The city clerk is hereby directed to enter this resolution in full in the minutes of this board and for a statement of the results of the election on said propositions.

Objection to Fire Ordinance

Mr. White addressed the board objecting to certain provisions of the proposed fire district ordinance. He was informed by the chairman that the matter should have consideration.

Abandonment of Barbara Drive

On motion of Trustee Robinson the following resolution was adopted, all voting aye, as resolution No. 1182.

"A resolution of the board of trustees of the city of Glendale ordering to be closed up, vacated and abandoned for street and alley purposes that portion of Barbara drive in the city of Glendale described herein as contemplated in Resolution of Intention No. 1167."

Correction of Minutes

The city clerk called attention to an omission in the minutes of April 7, 1921, and on motion it was ordered that correction be made in the minutes on page 619, meeting of April 7, 1921, as follows:

"An ordinance previously presented to the board was on motion adopted as Ordinance No. 436, establishing the grade of Milford street, Doran street, etc."

Bond Filed

The clerk reported the filing of bond by the Glendale-Montrose Railroad company, which had the approval of the city attorney and on motion the same was approved by the board and ordered to be filed. Adjourned.

If France rules the air, will it kindly speak to the neighbor on the windward who mixes rubber with his spring bonfire.

FAVORS PAVING OF LEXINGTON DRIVE, DORAN STREET

BOARD OF TRUSTEES ORDERS PROCEEDINGS BE STARTED BEHALF IMPROVEMENTS

First proceedings for the paying and sidewalking of the unimproved portion of Lexington Drive and also Doran street were taken at the meeting of the Board of City Trustees in session last night, following the reading of a communication from T. W. Watson, city manager.

Action was taken, following a brief discussion, on motion of Trustee Robinson, who declared that the suggested improvements were necessary. The motion was seconded by Trustee Henry. A number of property owners on Lexington Drive have urged the board to grant relief. The city manager's communication follows:

"In regard to the communication of E. R. Olin inquiring as to improvement of Lexington Drive referred to us the 14th instant.

"In addition to Mr. Olin's letter we have received from time to time numerous inquiries from residents of that section as to when that portion of Lexington Drive extending immediately west of Glendale avenue is going to be improved. Both east and west of this portion of Lexington Drive the street has been improved by oiling and tamping and will compare favorably with other roads of like construction within the city.

Very Dusty in Summer

"The unimproved portion of Lexington Drive referred to gets very dusty in summer time and it is impossible to keep it in satisfactory condition as a large amount of travel passes over it, it being the outlet for traffic between Glendale avenue and a large portion of the central part of the city. The roadway is sprinkled two or three times a week but this is not sufficient to keep the dust down. I do not believe the city is warranted in going to the expense of oiling this roadway sufficient to lay the dust. It would seem entirely proper for the owners of property abutting on that portion of Lexington Drive to pave it at least in the manner that the other portion of the street has been paved.

"I would therefore respectfully recommend that proceedings be taken for the improvement of that portion of Lexington Drive extending west of Glendale avenue that is now unimproved; improvement to include grading, three-inch macadam roadway, curbs and sidewalks.

Improving Doran Street

"I believe it might be well also to consider in this connection proceedings for the improvement of Doran street immediately west of Glendale avenue. There is about two blocks of the street unimproved, and it carries a large amount of traffic from Glendale avenue to the section between Lexington Drive and the Wash. This street is the only outlet to Glendale avenue for that section and inasmuch as that section of the city is growing very rapidly at the present time I believe your board would be justified in ordering those two blocks of Doran street improved in the same manner as is suggested for the improvement of Lexington Drive."

West Broadway Acacia Trees To Be Removed

On motion of Trustee Lapham, the Board of City Trustees last night acted favorably on the recommendation of T. W. Watson, city manager, relative to the removal of a number of acacia trees on West Broadway.

Trustee Bartlett questioned the wisdom of planting camphor trees in the place of the acacia trees, as proposed, but it was explained that the former are considered the most acceptable for parkings. The applications favorably acted upon were outlined as follows by the city manager:

"In regard to applications to remove trees, we respectfully report as follows:

"Application of Mr. Stephenson at 312 West Broadway to remove some acacia trees that are damaging the sidewalk at this location. We would recommend that permission be granted to remove two of the acacia trees with the understanding that camphor trees be planted in their place.

"Parties at 308 West Broadway also request permission to remove two acacia trees at this location. We would recommend that permission be granted to remove these two trees with the understanding that camphor trees be planted in their place.

"Application of T. S. Caldwell to remove three or four acacia trees from the parking in front of 335 West Broadway. There are four trees at this location in front of a fifty-foot lot. We would recommend that permission be granted to remove three of these trees and that they be replaced by two camphor trees."

It won't do you much good to take a "memory course" if you haven't any mind, and if you have you don't need a "memory course."

PUBLIC GARAGE FOR WESTERN SECTION NOT ALLOWED

TRUSTEES DENY APPLICATION FROM P. A. POLLOCK; OTHER REQUESTS FAVORED

Construction of a public garage at the corner of Pacific avenue and Broadway was opposed at the meeting of the board of city trustees in session last night and the application of P. A. Pollock, on recommendation of T. W. Watson, city manager, denied, after an opening hearing, on motion of Trustee Robinson, seconded by Trustee Henry.

Following other recommendations of the city manager, applications for garages in several locations were favorably acted upon. The city manager's communication follows:

"In regard to applications to establish and conduct public garages referred to us last Thursday, the 14th instant, we beg to report as follows:

"Application of P. A. Pollock to operate garage at southwest corner of Pacific avenue and Broadway. Mr. Frank Marek, the building superintendent, and myself have interviewed most of the people in that neighborhood. It appears that the residents in the vicinity of Pacific avenue and Broadway are decidedly opposed to the establishment of a garage at that location. We understand that parties interested will be present to address your board in regard to this matter this evening.

Favorable Action Taken

"Application of the Dodge Service station to conduct public garage at 111 West Harvard street. There seems to be no objection to the establishment of a garage at this location as it is in a district largely devoted to the automobile business at the present time.

"Application of E. V. Jellison for permit to operate public garage at 1006 South Brand boulevard. A garage has been operated until just recently at this location and there seems to be no objection to this application.

"Application of Leon G. Bachmann to operate garage and repair shop on southeast corner of Glendale avenue and Colorado street. This application was filed on the 18th instant and presented to your board this evening. We see no objection to the operation of a garage and repair shop at this location as the lot is now partly occupied by a gasoline filling station."

Palace Grand Shows Double Bill Tonight

Tonight a double bill is offered at the Palace Grand theatre, Wanda Hawley being starred in "Her Beloved Villain," which is an adaptation from the famous French play, "La Veglione," by Alexander Bisson and Albert Carre. The picture was directed by Sam Wood and it is "some story," according to those who have seen it in the city.

Then there is "Shuffle the Queens," a rare comedy feature and the Palace Grand orchestra promises a musical program equal to the pictures. "Mikado" is the overture and "Do Another Break," "One Sweet Day" and "Taxi" are the popular numbers. Tomorrow Thomas Meighan in his latest hit, "The Easy Road," is the feature film.

280 Persons Pass Store In One Hour's Time

While J. A. Robinson, of Robinson's Men's shop, was decorating his windows at 116-A South Brand boulevard with straw hats and Tom Sawyer suits, he took occasion to count the number of people who passed by the store during the course of one hour's time. To his surprise, the total was 280, or nearly five a minute, which demonstrates the shopping activity along Brand boulevard. As this was not at the busiest hour of the day in the downtown district one can appreciate that Glendale is growing.

Here's Meanest Man; Steals Child's Candy

CHICAGO—Bernard Shrew, 11, 6511 Yale avenue, thinks he has discovered the meanest thief. Little Bernard was on his way from the store with a bag of candy and $4.45, the change from a $5 bill given him by his mother. A robber took the money and candy from the boy.

USE FOR WOOD PULP WASTE

By carrying a step further the process of recovering sulphite spirit from the waste of woodpulp factories, by evaporation, it has been discovered that a new and valuable fuel may be produced, says Popular Mechanics Magazine. The process precipitates the organic contents of the lye in the form of powdered coal.

The girl who dances all night and works all the next day in a store, knows that the reason she is so tired is because she had to help her mother with the housework in the evening.

Association Meeting At Columbus School

The Columbus Avenue Parent-Teacher association held a social meeting in the kindergarten room of the school yesterday afternoon, Mrs. H. V. Henry presiding. Some of the problems in connection with the school, as shown by questions which had been put in the question box, were discussed.

Mrs. C. L. Peckham, chairman of program, presented Miss Dorothy Peart, who sang several pleasing vocal solos, accompanied by Constance Domsell at the piano. Richardson D. White gave a short talk on the school bond election. Refreshments were served at the close of the afternoon, Mrs. E. Wolbach, chairman of courtesy, in charge.

Glendale Wins Debate; Keeps League Trophy

Glendale Union high school last night won their joint debate with Covina high school which means that the Southwestern Debating League loving cup will remain here. While the argument over the question, "Resolved, That the United States should adopt a responsible form of cabinet government," lagged here somewhat, a sharp tilt was reported at Covina. Anyhow Glendale won all six judges which made it a sweeping victory.

Francis Reed and Victor Colburn spoke here on the negative side of the issue while Miss Kathleen Campbell and Tom McNary journeyed to Covina where they affirmed the proposition. Miss Mona C. Gardner is the debating coach to whom a great deal of credit goes for winning the debate on about ten days' notice.
